

# THERMOTECH UPDATE

## Thermotech Hosts ASHRAE Members

Thousands of [ASHRAE](#) members from across the globe descend on Orlando, Fl. [Thermotech](#) opened its doors to engineers, architects, academians and facility owners. Factory tours and presentations gave the attendees the opportunity to see first hand, innovations in energy recovery wheel design and manufacturing.

Don Petty, TEI Production Supervisor, shows guests the new Tampa Production Facility.

Marcus D'Arcy and Dr. Stanley Mumma

### Focus on Engineering

Stanley A. Mumma, Ph.D., P.E., [ASHRAE](#) Fellow (FASHRAE) discuss the finer points of energy recovery with Thermotech's Chief Engineer, Marcus D'Arcy, CEng MIMechE MEng (Oxford). Dr. Mumma is the creator of the [DOAS \(Dedicated Outdoor Air System Web Site\)](#). This site has unique content for building designers.

[Thermotech](#) was honored to have so many guests on the days surrounding the [2010 AHR Expo](#). The theme of this year's convention was "Building Sustainability". [Thermotech](#) can show you how energy recovery can be an integral part of your buildings sustainability plan.

### Thermotech National Sales Awards

[Thermotech](#) held its national sales meeting at the Orlando Hilton January 24th, 2010. New product innovations and marketing strategies were the topics of the day. Sales awards were presented to our top 3 representatives.

- Gold - [Tristate HVAC](#) Philadelphia
- Silver - [DAC Sales](#) New England
- Bronze - [HTS New York](#)

Congratulations on a great 2009!

Barb Morgan awards the Silver to Jim Shiminski and Rick McGinley of DAC Sales

### Spotlight on Manufacturer's Representatives

### TriState HVAC

[TriState HVAC](#) Equipment LLP is a leading Philadelphia based representative and integrator of commercial HVAC mechanical systems and related equipment in PA, DE and NJ. [TriState](#) represents [Thermotech Enterprises](#), and over 35 other manufacturers of HVAC related equipment. From airflow measurement to water source heat pumps, from AAF to UVDI, TriState offers complete and comprehensive resources.

[TriState](#) is also the authorized service center for many of its manufacturers and offers 24 hour emergency service.

[TriState](#) is proud to represent [Thermotech Enterprises](#) and can provide assistance in the utilization of heat recovery wheels for your facility. They can perform energy analysis and provide performance options for your systems needs. TriState can also provide guidance for existing heat recovery wheels that are in need of replacement.

TriState HVAC Equipment, Union Hill Industrial Park One Resource Drive, West Conshohocken Pa. 19428 Phone: 610-825-4770 Fax: 610-825-6191
